President's Message

Planning for the 2023 – 2024 Year

Gulf Coast Membership,

We are well three-fourths of the way through our 2022-2023 Chapter Year, and we are starting to plan for 2023-2024. I want to thank each of you who have contributed to the success we have had this year. There are many more great things to accomplish, as we finish the year.

I would like to encourage all members who have an interest in volunteering to help lead our chapter, to reach out to me or someone they know on the Executive Committee for an opportunity to get involved. You can help as much or as little as your schedule allows, we have a spot for everyone!

Please be sure to participate in our Local PDC in April, Society PDC in June, or Region III PDC in August. These are great events where you can network and learn with many other ASSP Members. If you are new to Safety, get involved in our local chapter and be mentored by some of the best Safety and Health professionals in the business... you won't be disappointed in your decision to get involved.
